Thanks Marianee. We now need to make the call as to whether we just swap Marianne for me on the US Del list, or if we try to add another member to the del (HHS already pushed back on USAID). **Ex. 5 Deliberative Process (DP)**

I have less of a reason to join the festivities, and it would reduce the stress of preparing for this at the same time as we have our CEC Food Waste Measurement Expert Group meeting in Potomac Yard (Oct 25-25). It would also allow me to focus what time I do have available on producing and reacting to materials for Jane and the rest of the Del. Let me know how you want to play this. And I am glad you got the green light to attend the event Marianne (and perhaps you can even get a little mercury business done while at WHO).
